

## How You can Help at home.

### Reading

Please spend time each day reading story books; and don't forget visits to the library. Parents – please read your child's school library book with them and talk about it as you go along.

### Writing

In class, we are encouraging the children to write their names, and to make marks-describing to the adult what they have written.

**We discourage the children from copying or tracing letters, and encourage the formation of letters independently. If you're not sure how to encourage your child at home, please call in and see your child's teacher.**

### Mathematics

This half term we will be exploring numbers and shapes.

### Assessment

Tapestry is our assessment tool and we are enjoying some of the information some of our parents have shared with us. **We would be grateful if all parents who are yet to sign up would call in to see the teachers with an email address and we can add you.** You will then be able to see your child's progress as it happens!
