

How You can Help at home.

Reading

Listen to your child read at least 3 times a week, ask them questions about the book and check their understanding. Practise the SATs papers sent home for homework. Give your child 1 hour to complete the paper.

Writing

It is important that all written answers in SAT make sense. Please ensure the answers your child gives on their papers are checked to ensure they make sense and use the correct grammar and punctuation.

Numeracy

Look at the homework set on mymaths.co.uk for your child. Ensure all questions are completed by the set date. Only complete the areas that your child feels less confident about.

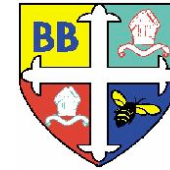

If your child receives practice SATs papers, please ensure they keep to the time limit on the front of the paper.

Year 6

Half Termly Newsletter February 2017

We Work, We Play,

We Care, We Pray

Half Termly Overview of Work

Literacy

In Year 6 we will be focusing on reading and grammar. We will be completing past papers, answering questions based on SAT-style questions. We will be working in small focused group to provide more intensive support for your child.

Numeracy

In Year 6 we will be focusing on revising all areas of the maths curriculum for year 6. We will be completing past papers, answering questions based on SAT-style questions. We will be working in small focused group to provide more intensive support for your child. As usual, we will continue to focus on arithmetic and reasoning skills.
